

The National Youth Brass Band of Great Britain

Environmental Statement

The National Youth Brass Band of Great Britain is committed to leading the sector in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- The NYBBGB will comply with all relevant environmental legislation.
- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source venues that minimise the impact on the environment.
- Meet or exceed all the environmental legislation that relates to the NYBBGB.
- Use an accredited programme to offset the greenhouse gas emissions generated by our activities.

This applies to both office activities and course venues.
